Subject: West Lake Landfill: approval of two of the Supplemental SFS workplans

Victoria, Joe,

EPA has completed its review of the revised Supplemental SFS workplans for the Additional Present Value Cost Estimates (dated October 15, 2013) and the Alternative Landfill Cover Design (dated February 21, 2014) and has no further comments to provide on them. EPA hereby approves these workplans, which are attached for your reference. Please implement the work required under these approved plans following the schedules contained in the plans, and let me know if you anticipate any difficulties meeting these schedules.

Sincerely,

Daniel R. Gravatt, PG
